TMDL Implementation

Charlie Lunsford
TMDL Program Manager
Richmond Office

TMDL- 3 Part Process:

- TMDL development
- Implementation Plan development
- Implement the plan

Steps after EPA Approval of TMDL, cont.

- Develop Implementation Plan
- Continue targeted implementation of BMPs
- Continue stream monitoring – DEQ, citizen monitoring

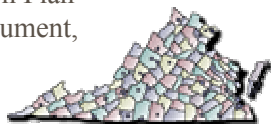

Implementation Plan Development

- Implementation Plan development is required by state legislation (WQMIRA, 1997)
- EPA provides funding for implementing of TMDL Implementation Plans

Implementation Plan Development

- Implementation Plan will be done locally
- Procedures outlined in DCR & DEQ Implementation Plan Guidance Document, July 2003

Status of Implementation Plan Development in Virginia

- 8 IPs are completed, 6 are currently being implemented
- 5 additional IPs under development
- 5 additional IPs are in start-up phase
- More than 50 stream segments will be improved
